Housing Options Training Toolkit

Background

Scotland's Housing Network is the managing agent for the national Housing Options Training Toolkit - a web-based e-learning platform. The Toolkit launched in 2022 and was developed by the 32 Council's in Scotland and Wheatley Homes (Glasgow). There is a Governance Advisory Board overseeing the development and improvement of the Toolkit.

What's in the Toolkit?

The Toolkit has 6 e-learning modules:

1. Introduction to Housing Options
2. Accessing Housing
3. Keeping People in their Current Homes
4. Health & Wellbeing
5. Income & Affordability
6. Supporting Employability

Who can access training through the Toolkit?

The Toolkit has been available to Council staff and Wheatley Homes (Glasgow) since 2022. **It is now also available to housing associations, housing co-operatives and other organisations across Scotland.** The Toolkit is primarily aimed at staff involved in housing options advice and homeless services.

How do I find out more?

Contact the Toolkit Learning and Development Officer, Tony.Donohoe@scotlandshousingnetwork.org to find out more how the Toolkit can support CPD within your organisation. Click on the SHN logo below for more Toolkit information.
